

## **What We See video, :90 script**

Possibilities are all around us.

everywhere we look

we see opportunity

we see potential .... in unexpected places

And when we share our knowledge, vision and connections

We turn great ideas into action

In communities all around the world that we call home.

like transforming an old bus to feed hungry children

or providing lifesaving equipment to those who need it most.

From fighting disease to rebuilding schools.

Together, we can make real change happen

We are Rotary... We are people of action

Get involved today at [rotary.org](http://rotary.org)
