Take 5 minutes to think about the 5-10 things you would never hear your club or district say. Write them down and post them on the chart.

Orthodoxies are the key beliefs we hold and they shape our thinking and behavior. When these beliefs are unchallenged, we can miss or lose new opportunities.

Discuss each statement in your group. What rules, traditions or orthodoxies do these statements represent?

Discuss how each of these statements limit us or limit our results. Write them on the chart.

Take a few minutes to think about turning an orthodoxy 180 degrees, or upside down— reverse it, state the opposite, or ask, What if?

What are possible new opportunities? List them on the chart and discuss with the group.
