The Zone Database is setup to show your involvement in Rotary at the Zone level and higher. You can make any changes to your personal data, but database managers can only complete entries in the RI Assignments and Rotary Foundation (called Awards) areas. In an effort to help you provide the requested information and have a more uniform listing of activities and recognitions, we have devised the following checklist of RI and Foundation activities and recognitions that are to be included in the directory. Please complete the checklist on the next page and indicate your assignments and recognitions.

Please indicate below **RI Assignment at the Zone Level and above and Rotary Foundation Assignments and Recognition above the District Level.**
